SELECTED GAME PROJECTS

ISLAND — 2D Narrative Puzzle Game

GDevelop

Designed and developed a narrative puzzle experience combining environmental storytelling, exploration, inventory-based interaction, visual clues and puzzle mechanics.

Wandering — Experimental 2D Puzzle Experience

GDevelop

Created a dreamlike interactive experience exploring symbolic imagery, environmental puzzles, visual interaction and changing 2D spaces.

Raven — 2D Narrative Puzzle Prototype

GDevelop

Developed an early narrative puzzle project combining atmospheric environments, character interaction, fragmented storytelling and environmental clues.
